

**DFC**  
Digital First Community

**‘Coworking Spaces’**  
that is so much more than that

## About Digital First Community

At Digital First Community we have a range of coworking models for you to choose from depending on your team size and the operational requirements.

- Fully functional conference rooms.
- Multiple Coworking subscriptions including hot desks, dedicated desks, virtual offices, private offices, meeting rooms, training rooms and center podium.
- Fun zone and cafeteria.
- 24x7 security and access, and parking.
- Value-added services including legal, HR, accounting and more.
- Elvion to ensure everyone in DFC follows COVID-19 safety protocols.

## Coworking Subscription Models

Depending on the size of your team and the features you require, the following are the subscription models that we offer.

### Hot Desks

Pay as you use to enjoy all the features of the DFC without paying for an entire workstation.

### Dedicated Desk

Enjoy a workstation that allows you to push your limits and scaling from employee number 1.

### Virtual Office

Be in constant touch with your work. Flexible plan to drop in any time your work calls you.

### Private Office

Customisable premium spaces for you and your team that act as private offices for you.

## About Spinebiz

DFC is the brainchild of Spinebiz - a business support services organisation. These services include HR, finance, IT, accounting, operations and functions. With DFC and Spinebiz, you get solution partners who are constantly at your service to help you navigate the complexities of the business world and help you come out on top.

With our workspace as well as value-added services, our goal is to ensure that everyone who does business with us benefits from impeccable professionalism and technical know-how. With DFC and Spinebiz, you get solution partners who are constantly at your service to help you navigate the complexities of the business world and help you come out on top.

## Value-Added Services

Our value-added services like back-end support, IT consulting services will allow smaller teams and startups to focus on their business.

### **IT Services**

Our IT team can develop technology apps for you and provide IT infra services like server and system maintenance for your team.

### **Business Support**

We also provide other comprehensive business operation services to help your team with backend operations.

### **HR Services**

We provide comprehensive HR services to help you hire and manage the right team for your business.

### **Accounting Services**

Our team of accountants can help you with bookkeeping, and help you with managing your finances.
